In June 1995 the first meeting of gastroenterologists from the Czech Republic, Slovakia and Catalan speaking countries took place in Andorra. The participation of 150 physicians from the Czech Republic and the Slovak Republic was sponsored by PRO.MED.CS Praha a.s.

The Prague symposium continues the above mentioned meeting of gastroenterologists in Andorra. With this event we would like to create a tradition of international symposiums which being organised every other year shall become an integral part of the activities of the Czech Society of Gastroenterology and PRO.MED.CS Praha a.s. They can bring up new inputs to the treatment of gastrointestinal diseases. This year in Prague we will welcome the participants from Andorra, Poland, Slovakia, Spain and Yugoslavia. PRO.MED.CS Praha a.s. and PRO.MED.AND. s.l. are the sponsors of the whole event. The next meeting will take place in two years in one of the participating Catalan speaking countries.
